

Deadline calendar

European Master's & Scholarship Research · Tunisian applicant, 180-ECTS Licence in Business Intelligence · compiled 2026-08-16 · 181 programmes, 103 funding schemes

Generated 2026-08-16 from `programmes_master.csv` and `scholarships_master.csv`.

Two sections. **Live dates** are deadlines that have not yet passed and can be acted on directly. **Cycle shape** covers deadlines that closed for the 2026/27 intake — they are kept because they tell you when the equivalent 2027/28 deadline will fall, which is the fact that matters for an autumn-2027 target. Nothing here is a prediction: each is the last published date for that programme or scheme.

Before any of these: the lead-time items

These are not deadlines, they are durations. Each must be *finished* before a deadline below, and each takes weeks to months. Starting them late is the most common way a well-researched application still fails.

Item	Realistic lead time	Why it gates everything after it
MESRS equivalence enquiry	Ask now; answer unknown	Decides whether one-year masters are usable at all. 51 of 179 rows depend on the answer. Direction de l'Enseignement Supérieur Privé et des Équivalences.
DGAE enquiry — can Esprit students be nominated?	Ask now; before Oct 2026	The MESRS bourse is nomination-based through the home institution, and the procedure is written around public universities. If private-institution students cannot be nominated, the main Tunisian funding route is closed.
Transcript audit against ECTS categories	1-2 weeks, self-directed	Corvinus requires 18-24 ECTS in named categories; Vilnius 20 ECTS in economics/management; EMAI 12 ECTS each of maths, programming, computing science. Fails are silent and late.
IELTS booking and sitting	4-8 weeks to a usable score	Test centres fill. AUEB Marketing Analytics requires C2 ; EBS requires IELTS 7.0. A retake adds another cycle.
Portfolio production (Track B)	2-4 months	SRH Berlin wants five to eight finished pieces plus a list of five favourite films. This is the one Track B route open on portfolio rather than a prior media degree — it is worth real time.
Recommendation letters	3-6 weeks	Academic referees are unavailable over the Tunisian summer break.
Transcript translation and legalisation	3-6 weeks	Sworn translation for anything not in Arabic, French or English; legalisation by both ministries.
Campus France «Études en France»	Opens ~October for the following September	Mandatory for Tunisians applying to France. Caps you at 7 choices, requires an interview, then allow ~2 months for the visa. It closes before French university deadlines.

Live dates — from today forward

Date	Days	Type	What	Where	Detail
2026-08-23	7	programme	Universitat Pompeu Fabra — Master in Sound and Music Computing (Master Universitari en Tecnologies del So i de la Musica)	Spain · Track B	5749.80

01 Nov	funding	NL Scholarship (formerly Holland Scholarship) — Dutch Ministry of Education, Culture and Science together with participating Dutch research universities and universities of applied sciences	national	before/with university application — the scholarship is applied for through the chosen institution alongside admission · apply via university
20 Dec	funding	Erasmus Mundus Joint Master in Artificial Intelligence (EMAI) - EMJM scholarship — European Commission / EACEA via the EMAI consortium (coordinator Universitat Pompeu Fabra)	EU	before university application - for the 2026 intake the Erasmus Mundus scholarship window was 2025-11-15 to 2025-12-20 23:59 CET; tuition-fee-waiver candidates then applied 2025-12-21 to 2026-03-18, worldwide self-funded 2026-03-19 to 2026-06-05 and EU self-funded 2026-06-06 to 2026-07-06 - the scholarship deadline is the earliest of four rounds and about nine months before September enrolment · apply direct

The shape of the year, in one paragraph

The binding sequence for an autumn-2027 start runs backwards from a January 2027 cluster. **Erasmus Mundus consortium deadlines fall between roughly 20 December and 20 January** — eight to nine months before the start, and three to four months ahead of the same consortium's self-funded round. **The Tunisian MESRS bourse call opens around October 2026 with results in late January 2027. Campus France «Études en France» opens around October 2026.** Several institutional scholarships close earlier still because they are folded into the admission application: Maastricht wants Studielink by 8 December, CBS folds the scholarship into a 15 January admission, and UCD's Africa-region graduate deadline is 28 February — a month ahead of every other region. Working back from those, the IELTS sitting and the portfolio must be finished by **November 2026**, which means starting them in **September 2026**.
